

World class quality. World class value.

C&U Americas is your source for high performance bearings with best-in-industry value.

As one of the world's top 10 bearing manufacturers and China's largest, C&U produces over 2.3 million high-quality bearings a day and can easily meet all of your bearing needs from original equipment to aftermarket.

We offer a broad portfolio of over 3,000 bearing styles and sizes from 1.5mm inner diameter to 4000mm outer diameter.

C&U offers world-class manufacturing capabilities with 9 bearing manufacturing centers, 34 bearing plants, and 22 vertically integrated component plants.

From our North American headquarters in Plymouth, Michigan, we're able to offer exceptional value along with complete application engineering and customer service support.
